

## Ingersoll Rand Forklift Parts

Ingersoll Rand Forklift Parts - Ingersoll Rand provides products, solutions and services in order to ensure efficiency and increase the productivity within industrial, commercial and residential environments. They pride themselves in delivering products so as to enhance the health, safety, comfort and security of people around the globe all through their four international segments.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman makes refrigeration and food merchandising solutions. Trane is a trusted provider of energy efficient air conditioning and heating ventilation systems, contracting and building advanced controls, services and parts support for both commercial buildings and residential homes.

Ingersoll Rand's Industrial Technologies sector offers solutions and products that enhance their clients' energy efficiency, productivity and operations. The product series is diverse ranging from tools and pumps, fluid and material handling systems to complete compressed air systems. They have likewise developed Club Car, the global leader in utility and golf vehicles meant for people and companies.

Popular trade names like Trane and Schlage compromise the Residential Solutions business, providing safety, efficiency and comfort to home owners all across North America. Several of their innovative quality products include mechanical and electronic locks, indoor air quality solutions, heating and air conditioning systems, portable security systems, advanced controls and remote home management.

The division comprising Security Technologies provides products that ensure safe, productive and secure surroundings. This division's market leading products comprise door and floor closers, exit devices, portable security devices, biometric and electronic cabinet hardware, access control systems, steel frames and locks and doors, locksets and decorative hardware. Schlage even has products which provide time, attendance and personal scheduling systems.
