

Cascade Clamps

Cascade Clamps - Founded in Portland, Oregon in the year 1943, the Cascade Manufacturing Company started as a small machine store employing only 4 individuals. Overall sales for that year amounted to about 60 thousand dollars. The first recorded sales revenues involved the machining and assembly of stainless-steel pipe fittings, valves and various components. Within five years of operation, the company had expanded to 40 employees and their yearly sales volume had risen to three hundred thirty thousand dollars. Nowadays, Cascade is one of the leading global producers in the material handling business.

Production and design of the company's original hydraulic cylinder paved the way in Cascade's aggressive pursuit of better business opportunities. During the last 60 years, the material handling trade has developed into a very sophisticated field and Cascade has proudly performed a part in this improvement. Cascade currently continues to grow as the leader supplier of lift truck attachments and various related products. The company feels assured in their capability in order to continue to lead the way in the business by understanding buyer's requirements in the future and remaining competitive in the international market.

Throughout the nineteen fifties, Cascade started to make, design, and sell its hydraulic accessories. A new facility was constructed in 1956, in order to house all of the plant offices and operations in Portland, Oregon, which continues to be the company's current head office. After 15 years of business, total workers reached 180 employees and sales had reached practically \$2,300,000.

In the year 1959 in Springfield, Ohio a second production plant was built. nineteen sixty marked Cascade's preliminary transfer into the global world of the material handling industry when the company established interest in Australia, the Netherlands and England.

The business changed its name to Cascade Corporation in the year 1964. In the year 1965, Cascade went public with an initial offering of two hundred thousand shares of common stock. The business has expanded its production facilities within the United States with locations in Warner Robins, Georgia, Portland, Oregon and Springfield, Ohio. Cascade merchandise are manufactured worldwide thanks to lots of subsidiary operations. In the year 1944, a new facility was accomplished in Almere, the Netherlands which is Cascade's European headquarters. This plant is designed to be the essential customer service centre.

Continuing to grow, Cascade expanded their product offering further in the year 1996 and 1997 with the remarkable acquisition of five firms, together with the worldwide leader in forks, the Kenhar Corporation.
